

Office of the Vice President for Research

# Proposals, Awards & Expenditures: FY2014 – FY2018 Q1

Volume 18.1

## Proposals, Awards & Expenditures

This report includes all sponsored program activity (both research and education/service) that is managed by Sponsored Program Services within the Office of the Vice President for Research through the end of the reporting quarter.

The report includes sections for **Proposals**, **Awards** and **Expenditures**. Each section includes two versions: 1) by the PI's Academic Home Department; and 2) by the Managing Department or Center/Institute.

Please note that because the Distribution of Credit is not applied until the official close of the fiscal year, the Academic Home Department reports will show full credit to the PI's Academic Home Department. However, the appropriate distribution of credit will be applied at the close of the fiscal year and provided in the OVPR annual report.

The **Proposals** reports include all competitive proposals (both new and renewals) submitted through the report quarter of the fiscal year and reflect the total amount requested over the entire proposed project.

The **Awards** reports include all awards through the report quarter of the fiscal year and reflect the total anticipated award amount over the entire project.

Both the Proposals and Awards reports reflect the current status of data entered through the reporting quarter of the fiscal year in the InfoEd research administration system as of the date the report was created. For recently submitted proposals and recently received awards, there may be some incomplete information until the data entry process is complete. Any updates to the project will be reflected in subsequent quarters' reports.

The **Expenditures** reports include all financial transactions for sponsored programs accounts that have posted to the Kuali Financial System (KFS) (UConn Storrs) and Banner (UCH) through the reporting quarter of the fiscal year.

This report does not adjust for cross-campus projects. Proposals, Awards and Expenditures combined totals may reflect some duplication for projects where there is a pass-through relationship between the campuses.
