Administrators Meeting

March 17, 2021
AGENDA

- NIH Update
- SPS Metrics YTD Comparison-Proposals/Awards
- Proposal Deadline Implementation
**NOT-OD-21-073**, Upcoming Changes to the Biographical Sketch and Other Support Format Page

- In accordance with **NOT-OD-21-073**, NIH has updated its application forms and instructions to support the need for applicants and recipients to provide full transparency and disclosure of all research activities, foreign and domestic.
- **Effective with due dates on or after May 25, 2021**

**Supporting Documentation:** For Other Support submissions that include foreign activities and resources, recipients are required to submit copies of contracts, grants or any other agreement specific to senior/key personnel foreign appointments and/or employment with a foreign institution as supporting documentation. If they are not in English, recipients must provide translated copies. This supporting documentation must be provided as part of the Other Support PDF following the Other Support Format page.
• NIH Biosketch Instructions: [https://grants.nih.gov/grants/forms/biosketch.htm](https://grants.nih.gov/grants/forms/biosketch.htm)
• Section A – include ongoing and completed research projects from the past three years that you want to bring attention to (previously known as research support and listed in Section D).
• Section B renamed to “Positions, Scientific Appointments, and Honors”. List in reverse chronological order (current listed first) for each sub-section.
• Section C – no changes published.
• Section D removed for non-fellowships and will be labeled “Scholastic Performance” for fellowships.

AGENDA

• Policy Implementation Date: May 5, 2021
• Support, Training and Tools in development
• Questions
**Internal Deadline Overview**

- **> 6 Days**
  - PI works with local grants administrator to develop administrative components of proposal.

- **5 Days**
  - Complete application (plus draft scientific components) submitted to SPS by 9AM.

- **4 Days**
  - SPS reviews and provides feedback.

- **3 Days**
  - Final Proposal ready for submission, PI approval to submit received by SPS no later than noon.

- **2 Days**
  - Corrections made & all approvals in place.

- **1 Day**
  - Allows time to correct errors or warnings BEFORE the sponsor deadline.

**PI should consult with their local admin/proposal support team regarding department/school/center or OVPR Faculty Services deadlines.**

**Mike Glasgow/Paul Hudobenko**
Full Business Days Before Submission Deadline

>6 days: PI provides application components to local grants administrator (or OVPR Faculty Services)
5 days: Complete application (plus draft scientific components) & IPR submitted to SPS
5 - 2 days: SPS reviews proposal and provides feedback
2 days: Corrections made and all approvals in place
Noon day before deadline: Final proposal and PI authorization to submit to sponsor provided to SPS
1 - 0 days or more before deadline: Proposal submitted
College, Department, Center & Faculty Services Deadlines

Those supporting faculty prepare and submit proposals need to set internal deadlines to meet the OVPR SPS deadline.

• For Example, Faculty Service is working on an internal deadline of at least 5 business days before the proposal is due to SPS (or 10 full business days before the sponsor deadline).

• Complex proposals that involve multiple sites should be started on with the local administrator as early as possible.

• Time must also be allowed for cross disciplinary proposals that involve multiple schools and departments.

FAQs

1. How do I use a pass?

Each faculty member has 1 pass that they may use when they are not able to meet SPS internal proposal deadline. Any faculty member who is serving as an investigator or key personnel on the proposal may use a pass for the proposal. A pass is used by emailing SPS at SPS@UConn.edu for Storrs and Regional Campuses or SPS@UCHC.edu for UConn Health. The email should be sent as early as possible to alert SPS Pre-Award. The email is to include basic information on the proposal: PI, Sponsor and due date. When routing the proposal to SPS, the IPR should include a note that a pass is being used. Using a pass will put the proposal at the end of the line for the deadline and SPS will make best efforts to review and submit the proposal on time.

Your departmental administrator (School, Center or Faculty Services) has internal deadlines that will need to be met in addition to SPS deadlines.

FAQs

#2 I just learned of an opportunity, what if I am able to meet the SPS internal deadline?

The SPS recognizes that there are occasions when a sponsor or colleague contacts faculty with an opportunity to submit a proposal that requires a shorter submission timeline than the policy allows. Your departmental administrator (School, Center or Faculty Services) has internal deadlines that will need to be met in addition to SPS deadlines. These situations will be handled similar to the way a pass is used and correspondence to SPS should follow as described in FAQ #1 except that the justification should state short notice opportunity. (Website will give full text under this question)

SPA Feedback: What should the definition for short notice be?

a. 2 weeks?  b. 3 weeks?  c. 10 days?  D. other?
FAQs

#3  My proposal does not have a hard due date. When will the review and submission-occur?

Beginning May 5, 2021, SPS Pre-Award will review proposals in the order they are received in full. Only exceptions are the one-time use of a pass by an investigator or a short notice opportunity.

#4  I want to submit the administrative components to SPS well in advance (greater than 5 business days before the deadline) of when I plan to have the scientific components completed for submission to the sponsor. When will the administrative components be reviewed?

SPS review will occur within the established timeline from receipt of the final administrative components and will not be based on the sponsor deadline.
